14	Sunday	18-Sep	Ocoee First Timers	Brian Swafford	423-902-6699

Training Trips are continuing education for paddle school students. They differ from regular club trips in that, though no formal instruction takes place, the trips will have sufficient support boaters to assist in skills development. Feel free to ask questions or for help with something as that is why we are there. We encourage you to join in on regular club trips as well, and in some of the listed community service activities and the Rescue Rodeo (whitewater). The white water trips will primarily increase in intensity as the summer progresses, culminating in an Ocoee first-timers trip.

Students wishing to participate in a training trip MUST contact the trip coordinator by the Wednesday prior to trip.

*Denotes Community Service Activity or other activity - all newbies welcome!

**The Lesser Wesser is a special training trip which focuses on running Nantahala Falls. In order to participate in this trip, you must have attended at least two of the Nantahala training trips.
